### MORDENISING INSURANCE REGULATION IN ZIMBABWE

- 1 You will recall that sometime early this year, Mr. R Manzanga and colleagues from QED visited our country and held meetings with a cross section of industry players with the aim of understanding our operations.
- 2 A report was subsequently produced and although there was initially hesitation as to whether or not to release it, a decision has now been taken to circulate the report to all industry players.
- 3 Accordingly please find enclosed a signed copy of the report. The gaps identified need to be addressed and engagements are progressing in this regard.
